Portfolio

Chennai, India

TECHNICAL SKILLS

- Programming: Python , SQL
- Data Analysis: Power BI , Tableau , Excel
- Libraries: Pandas , NumPy , Matplotlib , Seaborn
- Database: MySQL
- Tools: Git , GitHub

EXPERIENCE

1.Data Analytics Virtual Intern – Deloitte (Job Simulation)

Virtual Internship | Forage | Jan 2026

- Examined and cleaned multiple structured datasets to support real-world business decision-making.
- Developed interactive dashboards (Power BI & Excel) to visualize KPIs, trends, and performance metrics.
- Identified key business insights from data patterns to support stakeholder decisions.
- Presented findings using client-ready reports, improving clarity and insight communication.

2.Web Development Intern – Focus Logic IT Services

On-site Internship | Jul 2024

- Processed and validated structured application data using JavaScript for reporting accuracy.
- Optimized workflows to improve data reliability and processing efficiency.
- Collaborated with cross-functional teams to translate business requirements into technical solutions.
- Supported data flow analysis to enhance application performance and reporting consistency.

PROJECTS

1.Sales Performance Dashboard | Power BI

- Designed an interactive Power BI dashboard to track sales, profit, and category performance.
- Created KPIs using DAX (Total Sales, Profit %, Monthly Growth).
- Enabled data-driven decisions through dynamic slicers and filters.

2.Customer Segmentation Analysis | Power BI | SQL | Python (Pandas)

- Extracted and cleaned customer data using SQL and Python (Pandas).
- Analyzed customer behavior and spending patterns to identify high-value segments.
- Built an interactive dashboard to visualize segmentation insights for business strategy.

3.Supermarket Sales EDA | Python

- Evaluated 10,000+ sales records to identify trends and top-selling products.
- Visualized revenue patterns using Matplotlib and Seaborn.
- Highlighted high-revenue categories and underperforming regions for optimization.

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation – Forage
- Data Analytics Course (3 Months): Python, SQL, Power BI, Excel
- Introduction to Agile Methodology – Infosys Springboard
- Learning Python – LinkedIn
- Learning
- SQL (Intermediate) – HackerRank

EDUCATION

B.Tech – Information Technology

Kingston Engineering College, Vellore, Tamil Nadu, India | Completed 2025
